

CURRICULUM VITAE

Antonio Ledda

19 ottobre 2020

Contacts

- **Email:** antonio.ledda@unica.it;
- **Phone:** (+39) 070 6757120 / (+39) 070 6757113;
- **Address:** via Is Mirrionis 1, 09123, stanza 35, Cagliari.
- **Skype:** antonio.ledda78.

Personal data

- **Date of birth:** Cagliari, January 11, 1978.
- **Researcher unique identifier:** ORCID 0000-0003-2569-7214
- **Nationality:** Italian
- **URL for web site:** <http://people.unica.it/antonioledda>

Research interests

- Universal algebra;
- Algebraic logic;
- Non-classical logics.

Education

- 1996, **Maturità Classica**, Grade: 60/60, Liceo statale G. M. Dettori, Cagliari.
- 1996-2000, **Master Degree**, Grade: 110/110 cum laude, Università di Cagliari.
- 2004–2007, **Ph.D. in Logic**, Grade: Excellent, Università di Cagliari. Thesis title *Logical and Algebraic Structures from Quantum Computation*.

Employment

- 2006, **Visiting Researcher**, *Institut de Investigació en Intel·ligència Artificial, Consejo Superior de Investigaciones Científicas (CSIC)*, Campus de la UAB, E-08193 Bellaterra, Spagna.
- 2007-2008, **Post-doc**, Università di Cagliari. Project title: *Media Asset Management and Distributed Knowledge*, project number 1216/07, D.R. dell'Università di Cagliari.
- 2008-2009, **Researcher**, *Research Center for Integrated Science, Japan Advanced Institute of Science and Technology*, Asahidai 1-1, Nomi, Ishikawa 923-1292, Giappone.
- 2009-2010, **Post-doc**, Università di Cagliari. Project title: *Logiche Sotostruzzurali e Computazione Quantistica*, funds: *Master and Back 2008, RAS*.
- 2010-2011, **Researcher**, *Dipartimento di Filosofia e Teoria delle Scienze Umane, Università degli Studi di Cagliari*, programme “Giovani Ricercaori”. Project title: *L’approccio Logico-Algebrico alla Computazione Quantistica: aspetti teorici e possibili implementazioni*; PO Sardegna FSE 2007-2013, L.R.7/2007 “Promozione della ricerca scientifica e dell’innovazione tecnologica”.
- March 2011 – October 2014, **Assistant professor**, Università di Cagliari, Dipartimento di Filosofia.
- 2013: **National Scientific Qualification** for the position of Associate Professor in Logic and Philosophy of Science.
- 2014: **National Scientific Qualification** for the position of Associate Professor in Mathematical Logic.
- October 2014 – September 2019, **Associate professor**, Università di Cagliari, Dipartimento di Pedagogia, Psicologia, Filosofia.
- 2017: **National Scientific Qualification** for the position of Full Professor in Logic and Philosophy of Science.
- 2019, Fall-Semester, **Visiting associate professor**, Vanderbilt University, Nashville, Department of Mathematics.
- October 2019 – Present, **Full professor**, Università di Cagliari, Dipartimento di Pedagogia, Psicologia, Filosofia.

Services

- 2015- present, Giunta del Dipartimento di Pedagogia, Psicologia, Filosofia;

- 2015- present, Commissione Qualità, Dipartimento di Pedagogia, Psicologia, Filosofia;
- 2015- present, Commissione Autovalutazione, Dipartimento di Pedagogia, Psicologia, Filosofia;
- 2015- present, Responsabile IRIS, Dipartimento di Pedagogia, Psicologia, Filosofia;
- 2015- present, Responsabile Clusters della Ricerca, Dipartimento di Pedagogia, Psicologia, Filosofia;
- 2015- present, Commissione Test d'Ingresso, Corso di Laurea in Filosofia e Teorie della Comunicazione;
- 2015- present, Commissione Test d'Ingresso, Corso di Laurea in Scienze dell'Educazione;
- 2015- present, referente Erasmus, Corso di Laurea in Filosofia e Teorie della Comunicazione;
- 2015- present, referente Erasmus, Facoltà di Studi Umanistici;
- 2018- present, Commissione Pratiche Studenti, Corso di Laurea in Scienze della Comunicazione.

Teaching

Supervision of graduate students and postdoctoral fellows

Period: 2011 – 2019

Facoltà di Studi Umanistici/ Dipartimento di Pedagogia, Psicologia, Filosofia, Università di Cagliari.

- Coadvisor: Stefano Bonzio, march 2016.
- Ph.D. Davide Fazio, in progress.

Undergraduate Courses:

- 2018-2019: Mathematical Logic, hours: 60, Vanderbilt University.
- 2018-2019: Logic and argumentation, hours: 60, Università di Cagliari.
- 2014-present: Logic and information theory, hours: 60, Università di Cagliari.
- 2012-2018: Logic, hours: 48, Università di Cagliari.
- 2011-2012: Logic and argumentation, hours: 60, Università di Cagliari.

Graduate Courses:

- 2014-2015: Set Theory, hours: 40, Università di Cagliari.

- 2013-2014: Algebraic methods in logic, hours: 40, Università di Cagliari.
- 2013-2014: Lattice theory, hours: 40, Università di Cagliari.
- 2012-2013: Logic and methodology of sciences, hours: 30, Università di Cagliari.
- 2012-2013: Introduction to algebraic logic, hours: 40, Università di Cagliari.
- 2012-2013: Modal logic, hours: 40, Università di Cagliari.

Research activities

- 2019, maggio, Technical University, Berlin;
- 2019, October, Shaanxi Normal University, Xi'an, China.

Talks as invited speaker (selection)

1. *Abstract logics from quantum computation*, Seminarios de lógicas no clásicas. Universitat de Barcelona, may 2006.
2. *Logical and algebraic structures from quantum computation*, Japan Advanced Institute of Science and Technology Research Reports, Nomi, Ishikawa, Japan, November 2008-August 2009.
3. *A duality for preordered structures (I)*, Algebra and Substructural Logics Take 4, Nomi, Ishikawa, Japan, June 2010.
4. *On independent varieties and related notions*, Barcelona logic workshop, Barcelona, February 2012.
5. *On independent varieties*, Bochum international meeting on non classical logics, Bochum, April 2012.
6. *The amalgamation property in residuated lattices: negative results*, La Trobe University, Melbourne, September 2012.
7. *On the amalgamation property*, Université Paris XIII-Diderot, Paris, July 2013.
8. *Skew products of varieties*, Università Ca'Foscari, Venezia, December 2013.
9. *Residuated lattices and the amalgamation property*, Shanks Lectures, Vanderbilt University, Nashville, February 2014.
10. *Uno sguardo alle logiche sottostrutturali*, Università degli Studi di Torino, Torino, May 2014.
11. *Interpolazione e amalgamazione nei reticolati residuati*, Università degli Studi di Milano, Milano, July 2014.

12. *Lattice-theoretical properties of algebras of logic*, Algebra and Substructural Logics 5, La Trobe University, Melbourne, December 2014.
13. *Vagueness, uncertainty and fuzzyness in quantum computational logics*, University of Sydney, Sydney, December 2014.
14. *What's special about Boolean algebras*, Shanks Lectures, Vanderbilt University, Nashville, March 2015.
15. *Archimedean residuated lattices*, Shanks Lectures, Vanderbilt University, Nashville, February 2016.
16. *New horizons for the Archimedean property*, Fuzzy logic meets quantum logic, University of Bucharest, Bucharest, September 2017.
17. *Generalized orthomodularity, effect algebras, orthoalgebras, pastings, completions* 16th International Congress on Logic, Methodology and Philosophy of Science and Technology, Prague, August 2019.
18. *On the Archimedean property*, Xi'an Northwest University, Xi'an, October 2019.
19. *Algebraic Analysis of Demodalised Analytic Implication*, Torun University, September 2020.
20. *On Containment Logics*, Xi'an Northwest University, Xi'an, October 2019.

Talks in international conferences (selection)

1. *MV algebras and quantum computation*, Algebraic and Topological Methods in non Classical Logics II, Barcelona, June 2005.
2. *On some properties of quasi MV-algebras and \sqrt{f} quasi-Mv algebras*, Ordered Structures in Many Valued Logic, Massa Lubrense, June 2006.
3. *When vagueness meets uncertainty*, Prague International Colloquium on Uncertainty: Reasoning about Probability and Vagueness, Prague, September 2006.
4. *Linear Heyting quantum computational structures*, International conference on Order, Algebra and Logic, Nashville, June 2007.
5. *Quantum computational structures*, First Sardinian-Catalan workshop on Algebraic and Fuzzy Logic, Cagliari, October 2007.
6. *Sheaves over Priestley spaces: a duality for bounded distributive q -lattices*, International Conference on Residuated Structures: Algebra and Logic, Buenos Aires, April 2008.
7. *Continuous t-norm as quantum gates: a probabilistic approach*, ManyVal 08, Milano, May 2008.

8. *Logical and algebraic structures from quantum computation*, 9th Biennial IQSA Meeting: Quantum Structures, Brussels-Gdansk, July 2008.
9. *Logics of \sqrt{I} quasi-MV algebras*, Logic, Algebra and Truth Degrees, Siena, September 2008.
10. *Completion and amalgamation of preordered structures*, UNILOG 2010, Lisbon, Portogallo, April 2010.
11. *The algebraic structure of an approximately universal quantum system*, SILFS biannual meeting, Bergamo, December 2010.
12. *Quasi-discriminator varieties II*, International Conference on Order Algebra and Logic, Kraków, June 2011.
13. *On independent varieties, II*, Logic algebra and truth degrees, Kanazawa, September 2012.
14. *Boolean like algebras*, General Algebra and its Applications, Melbourne, July 2013.
15. *On boolean like algebras*, Topology, Algebra, and Categories in Logic, Nashville, July 2013.
16. *Quantum structures as near semirings*, International Quantum Structures Biannual Meeting, Leicester University, UK, July 2016.

Organisation of scientific meetings

1. *La Conoscenza Come Rete di Modelli*, Alghero 20-23 September 2004;
2. *Quantum Computation and Quantum Information*, Alghero 24-28 September 2004;
3. *First Sardinian-Catalan Workshop on Algebraic and Fuzzy Logic*, Cagliari, 1-5 October 2007;
4. *Cagliari-Olomouc Conference on Algebraic Logic*, Cagliari, 14-16 May 2012;
5. *Quantum Structures 2012*, Biennial Conference of the International Quantum Structures Association, Cagliari, 23-27 June 2012.
6. *Language, Logic and Mind, 3rd SIFA Graduate Conference*, Biennial SIFA meeting, Cagliari, 16-18 September 2013.
7. *Quantum Mechanics and Quantum Information: New Logical and Philosophical Approaches*, Cagliari, 23-25 July 2014.
8. *Cagliari Summer of Logic*, Cagliari, May 15 – July 19 July 2015.

9. *II International Workshop Quantum Mechanics and Quantum Information: Physical, Philosophical and Logical Perspectives*, Brussels Free University, 23-24 July 2015.
10. *Syntax Meets Semantics*, Universitat De Barcelona, Barcelona, 5-9 September 2016.
11. *Algebra and Substructural Logics, Take 6 (ASubL6)*, Cagliari, 11-13 June 2018.
12. *International Conference of Fuzzy Logic and Uncertainty Mathematical Theory*, Xi'an, 18-21 October 2019.
13. *International Conference on Intelligence Science, Fuzzy Logic & Soft Computing*, Tianyuan Mathematical Center in Northwest China, Xi'an, 17-19 October 2020.

Grants and prizes

- PRIN 2007, project title: Media Asset Management and Distributed Knowledge, project number 1216/07, Role: Post-doc Fellowship.
- FIRB 2012, project title: Structures and Dynamics of Knowledge and Cognition, project number RBFR126ZA6 005, Role: Principal Investigator (Cagliari unit).
- PRIN 2013, project title: From Models to Logic: Structures Logification and the Equivalence between Logics, project number 20122T3PTZ, Role: Member.
- Progetto Ricerca di Base 2013, project title: Modelling the uncertainty: Quantum Theory and Imaging Processing, project number F71J12001020002, L.R. 7/2007, CRP-59872, Role: Member.
- Award from Regione Autonoma della Sardegna, 2010, for the project FIRB 2008, project title: Algebraic and modal aspects of quantum theory. Euros: 10.000.
- Award from Regione Autonoma della Sardegna, 2013, for the project FIRB 2012, euro 10.000, project title: Structures and Dynamics of Knowledge and Cognition. Euros: 10.000.
- 2015: RISE – Call: H2020-MSCA-RISE-2015, project title “Syntax Meets Semantics: Methods, Interactions, and Connections in Substructural logics”, call: Marie Skłodowska-Curie Research and Innovation Staff Exchange (RISE), Horizon 2020, project number 689176, Role: Principal investigator (Cagliari unit).
- Award from Regione Autonoma della Sardegna, 2016, for the project RISE 2015, project title: Syntax Meets Semantics: Methods, Interactions, and Connections in Substructural logics. Euros: 5.400 euro.
- 2016: Progetto Ricerca di Base 2016, project title: “Science and its logics, the representation’s dilemma”, Fondazione Banco di Sardegna & Regione Autonoma della Sardegna, CUP: F72F16003220002, Euros: 92.704.
- 2016: L. R. 7/2007, n.7 annualità 2015 – Capitale Umano ad Alta Qualificazione, project title: “Le proprietà d’ordine in matematica e fisica”, CUP: F72F16002920002, Euros: 50.000.

- 2018: L. R. 7/2007, n.7 annualità 2017 – Bando Ricerca di Base 2017, project title: “Per un’estensione semantica della Logica Computazionale Quantistica-Impatto teorico e ricadute implementative”, RASSR40341, Role: member.
- PRIN 2017, project title: Logic and cognition. Theory, experiments, and applications, project number: 2013YP4N3, euro 735.000, Role: Principal investigator (Cagliari Unit).
