Researchers Focus Group-R2 met online on MSTEams at 18.30 and finished at 19.00 (attendees below).

Dr Sergio Serra chair the meeting. With the consent of the participants, the meeting was recorded and the recording was uploaded to a shared folder on Teams and made available to all members of the group.

The participants discussed the proposal for the Action Plan concerning the TWG Recruitment and Selection before the second submission to the TWG.

All participants in the meeting stated that they had read the document and found the proposed actions to be effective. However, they suggested that the potential target audience for each action should be specified, and that Action 6 could be detailed and clarified. They also suggest some minor revisions to the document.

All participants approved the Action Plan.
