Biomedical Scientific Library " Beniamino Orrù "

The Biblioteca del Distretto Biomedico Scientifico "Beniamino Orrù"

is a reference point for Biology & Pharmacy, Medicine & Surgery, and Sciences Faculties.

Location: on the ground floor of the F BLOCK of Monserrato Campus.

The Study Areas of the library are ROOM A (138 seats), ROOM B (76 seats).

The library offices, the direction and the training room are on the second and third floors; the closed stacks are on the ground floor.

To book a seat or use the library services (such as loan) you must necessarily be registered in one of the Libraries of the Sardinia regional system. If you are not yet, you can self-register from the **BiblioSar catalog**. Foreigners do not need to use SPID, CIE, or CNS, which are mandatory for Italian citizens.

In Room A, on the open stacks, you can find the books recommended by the professors: these volumes are placed in order by subject, we use Decimal Dewey Classification. You can consult them or borrow them. So, go to the online catalog BiblioSar, or use the app, make a query, then follow the library signage and get the book.

You can borrow up to 4 books at the same time and use **the self-checkstation** or go to **the circulation desk**.

The book loan lasts 14 days, but you can ask for a 7 days **extension**, through the online catalog or the app, by email, by phone, or at the circulation desk. You are entitled to 20 extensions, if the volume has not been booked by other users. When all copies of a text are unavailable, because already on loan, you can book via BiblioSar or the app.

Many **EBOOKS** are available: find information on the web site of the university library system, follow us on **Facebook** and **Telegram**, or ask the librarians!

You can also borrow the books stored in the closed stacks, the loan lasts 29 days.

Other library services:

- **Wifi access;**
- **access to the University digital library**, onsite or remotely, with institutional credentials (Esse3 for students; U-GOV for UniCA staff; VPN);
- **individual bibliographic assistance**, onsite or remotely, via Teams;
- **Interlibrary loan and document delivery** of scientific articles not available on site;
- **information literacy seminars**, to learn methods and tools for successful bibliographic research, and get 1CFU;
- **Sensus Access**, for converting documents, images and web pages into other formats (ebook, audio, braille).

https://www.unica.it/unica/it/sba_servizi_sensusaccess.page

- 2 pc workstations, 2 laptops, and 13 tablets for study and research.

SBA website: the University Library System

<https://www.unica.it/unica/it/sba.page>

It is a valuable tool: query the databases and carry out your searches using **the discovery UniCASearch**. Remember that most of UniCA's digital library are remotely accessible with your institutional credentials. Go to the **Data Base** page and, just to begin, **take a look at Academic Complete Proquest, Biblioteca digitale EDRA, JoVE: the journal of visualized experiments, MLOL: the Medialibrary online**. You will find thousands of ebooks, videos, tests, infographics and the 3D anatomical atlas **Primal Pictures**. Use your institutional credentials.

By filling in the **online forms** you can send us requests for information, suggestions for new books, and any complaints or suggestions. **Your opinion matters!**

On the web page dedicated to our library you find timetables, contacts and other useful information.
