REGISTRATION FEES

EARLY REGISTRATION (UNTIL 31 DECEMBER 2025)

ISRCT AND AISETOV MEMBERS200 EUR
STUDENTS AND PhD STUDENTS.....150 EUR
NON-MEMBERS300 EUR

REGULAR REGISTRATION (UNTIL 30 APRIL 2026)

ISRCT AND AISETOV MEMBERS300 EUR
STUDENTS AND PhD STUDENTS.....150 EUR
NON-MEMBERS400 EUR

LATE REGISTRATION (UNTIL THE CONFERENCE)

ISRCT AND AISETOV MEMBERS400 EUR
STUDENTS AND PhD STUDENTS.....200 EUR
NON-MEMBERS500 EUR

Registrations and abstract submissions are open via the website: www.ictec2026.org

Sassari is located in the northwest of Sardinia Italy. It is a region rich in natural and cultural attractions, with old traditions, beautiful landscapes, and excellent cuisine. The area offers countless itineraries for those interested in archaeology, history, art, wine, and food. The weather in June is usually very pleasant, making it the ideal time to discover one of the most beautiful locations in the Mediterranean.

How to reach Sassari and Alghero

Sassari can be easily reached by air or sea. The closest airport is Alghero-Fertilia (AHO), about 30 minutes from the city, with direct flights from several European cities. Alternatively, you can arrive via Olbia Airport (OLB) or Cagliari Airport (CAG) and continue by train, bus, or car. Ferries connect Sardinia with mainland Italy (from Genoa, Livorno, Civitavecchia) to ports such as Porto Torres (very close to Sassari), Olbia, and Cagliari.

3rd INTERNATIONAL CADMIUM & TRACE ELEMENT CONFERENCE

**JUNE, 24-26
2026**

**SASSARI, SARDEGNA
ITALY**

WWW.ICTEC2026.ORG

Dear Friends and Colleagues,
It is a great pleasure to welcome you to the
3rd International Cadmium and Trace
Element Conference, June 2026.

The Conference, that will include a wide spectrum of presentation covering the main aspects of cadmium and trace elements biology as well as its clinical implications, is divided into six main sessions: Cell Biology, Cancer, Other Diseases, Environment, Toxicity and Agriculture, botany and Veterinary.

Participants will have the opportunity to exchange ideas with worldwide experts in the field and highly distinguished international speakers from different scientific areas related to biology, medicine, toxicology, chemistry, and environmental sciences.

We hope that you will enjoy the Conference and have a wonderful stay in Sardinia.

Yours Sincerely
Roberto Madeddu
Chairman

The University of Sassari, a prestigious institution that celebrated its 450th anniversary in 2012, proudly hosts this conference. Founded in 1558 by Alessio Fontana, a member of the Imperial Chancellery of Emperor Charles V, the University combines a long-standing tradition of excellence with a strong commitment to innovation and research.

The International Society for Research on Cadmium and Trace Elements Toxicity (ISRCT), founded in 2015, is a non-profit association that aims to promote and spread knowledge of Cadmium and Trace Metals.

The Italian Association for the Study of Trace Elements in Living Organisms (AISETOV) is a non-profit scientific association founded in 1991 by a group of researchers from various disciplines, active in research fields related to the study of trace elements.

MAIN TOPICS

- Cell Biology
- Cancer and other diseases
- Environment
- Toxicology
- Agriculture, botany, veterinary

PRELIMINARY SPEAKERS

- Agneta Akesson, Sweden
- David Bernhard, Austria
- Aleksandra Buha Dordevic, Serbia
- Margherita Ferrante, Italy
- Giovanni Forte, Italy
- Silvia Fustinoni, Italy
- Sunali Khanna, India
- Peter Massanyi, Slovakia
- Barbara Messner, Austria
- Robert Stawarz, Polonia
- Pinar Uysal Onganer, United Kingdom
- Paolo Valera, Italy
- Marco Vinceti, Italy
- Jamie Wise, USA
- John Wise, USA
- David Wallace, USA
