2. Student ID: 00070
3. Student ID: 00106

Please note that passing the pre-selection phase does not guarantee admission to the Double-Degree program. It only grants eligibility to participate in the final selection.

The final selection process will typically take place in July, during the second semester of the first year of enrollment. Candidates will be evaluated based on the following criteria:

- Completion of at least 30 ECTS credits by June of the first year of enrollment.
- Total number of ECTS credits earned and the weighted average of grades obtained in exams by June of the first year.

At the conclusion of this phase, a final ranking will be published.

In the event of a tie in academic performance (exam results, grade average, and undergraduate degree grade), a motivational interview will be conducted to determine final eligibility.

Students who do not secure a place in the Double-Degree program based on the final ranking will continue their studies in the standard International Management track.
